

Implementing SAFe®

Implementing a Lean-Agile transformation in the enterprise SAFe® Practice Consultant 6.0 certification

Operational and evaluable goals

FACE-TO-FACE
4 days

REMOTE
7 half-days

- ✓ Learn how to lead a Lean-Agile transformation by leveraging the practices and principles of the Scaled Agile Framework® (SAFe®).
- ✓ Gain insights and practice how to coach programs, launch Agile Release Trains, build a Continuous Delivery Pipeline with DevOps culture, and empower a Lean Portfolio.
- ✓ Become a change agent and a SAFe® Practice Consultant (SPC) to support and guide the company towards the successful implementation of a SAFe® Lean-Agile transformation.
- ✓ The first two days of the course—Leading SAFe®— will provide you with the basis to teach SAFe to leaders. The final two days focus exclusively on what it takes to successfully implement SAFe in the enterprise.
