

SAFe® Scrum Master

Applying the Scrum Master role
within a SAFe® enterprise

Operational and evaluable goals

FACE-TO-FACE
2 days

REMOTE
4 half-days

- ✓ Build your skills as a high-performing team member of an Agile Release Train (ART)—and prepare to support the facilitation of ART and team events— when you become a SAFe® Scrum Master (SSM).
- ✓ Gain an understanding of the role of Scrum Master in a SAFe enterprise. Unlike traditional Scrum Master training that focuses on the fundamentals of team-level Scrum, the SAFe Scrum Master course explores the role of the Scrum Master in the context of the entire enterprise, and prepares you to successfully plan and execute the Planning Interval (PI), the primary enabler of alignment throughout all levels of a SAFe organization.

ACCESSIBILITY

If you have a disability, our Disability referent is available to discuss the necessary accommodations for the smooth running of your training.

Please explain your needs to him by email:

formation@digitaltango.ca

Topics covered

SAFe® Scrum Master

- ✓ Introducing Scrum in SAFe
- ✓ Characterizing the role of the Scrum Master
- ✓ Experiencing PI planning
- ✓ Facilitating Iteration execution
- ✓ Finishing the Planning Interval (PI)
- ✓ Coaching the Agile team

Prerequisites

No prerequisite

Everyone is welcome to take the course, regardless of your experience. However, the following prerequisites are strongly recommended for those intending to take the SAFe® Scrum Master (SSM) certification exam:

- ✓ Knowledge of Agile concepts and principles
- ✓ Knowledge of Scrum, Kanban and Extreme Programming (XP)
- ✓ Working knowledge of software and hardware development processes

Certification

- ✓ Exam format : Multiple choice questionnaire (MCQ)
- ✓ Method: Via browser
- ✓ Duration: 1.5 hours (90 min.)
- ✓ Number of questions : 45
- ✓ Score to get : 33/45 (73%)
- ✓ Language: Exam in French or English

At the end of the training, candidates will receive a link to the SAFe Studio platform and will be able to take the exam. The first test is included in the training within 30 days. Each new test will then cost \$50, payable directly on the SAFe Studio platform.

After passing the exam, the candidate receives his certification which is valid for 1 year. This must be renewed annually and costs \$100/year or through the SAFe enterprise subscription "SAFe Enterprise Subscription (SES)".
